## How Level Placements Work At SUMMIT:

- Studios will assign each dancer a level in the system when entering that dancer's information.
- Solos... Solo levels are automatically generated to match the level their studio has assigned them.
- Duos/Trios and Groups... the registration system will provide a level placement based on what the studio has assigned each dancer.

This is how it works:

- Each level has an associated numeric value: Novice = 1, Competitive = 2, Elite = 3
- Our system uses the average points of a group to determine level placing:
- Example... In a small group, you have Four Elite Dancers (4 dancers x 3 = 12) and Two Competitive Dancers (2 dancers x 2 = 4). The recommended level of this group would be Elite as the numeric value of Elite dancers is greater than the numeric value of competitive dancers.

## Age Divisions

- Petite - Ages 9 & Under
- Junior - Ages 10 to 12
- Teen - Ages 13 to 14
- Senior - Ages 15 to 19

# Nationals Registration & House Rules

1. For 2024: Studios do NOT need to compete at a regional event to register for Nationals.
2. Dance studios must submit all entries; independent entries will not be accepted.
3. Entries will be accepted on a first-come, first-served basis and will be limited by available performance time. As most of our events sell out quickly, please send your entries in early.
4. Be precise! When registering for the competition, ensure Music Titles and Participant Names are entered exactly as they should appear in the SUMMIT Program.
5. Accurate birthdates and spelling of dancers' names are crucial. Incorrect entries will prevent parents from accessing and downloading their photos & videos online.
6. A non-refundable deposit is required to reserve or register an entry. This deposit will be applied to the registration balance but cannot be transferred to other events.
7. All registration fees are non-refundable and non-transferable. In the event of "force majeure cancellation," Summit Dance Challenge Inc. reserves the right to reschedule.
8. Upon arrival at Summit, ensure one studio representative picks up your studio owner/teacher bag at the merchandise table.
9. Dancers must be ready to perform thirty minutes before their scheduled time. Ensure your dance families know that schedules are estimated.
10. All entries should report backstage to the SDC Stage Manager three numbers before the scheduled performance. Studios failing to do so will not qualify for the Studio Spirit Award.
11. Routines are expected to be performed in their scheduled order. Performing out of order may affect media and video products and recorded adjudications. If a routine performs after its category is complete, it will not qualify for an overall award.
12. Photography and videos are prohibited from the audience area and dressing room. Only teachers are allowed to photograph and record their own dancers from backstage. Violations may result in routine disqualification from overall awards.
13. Routines with overly suggestive movements, inappropriate music lyrics, or costumes may receive lower scores or disqualification if the music contains vulgar or inappropriate lyrics.
14. Routines clearly placed in the wrong skill level may be moved up by the judges.
15. Any studio making changes to entries more than one week after the preliminary schedule release will incur change fees, and changes may not be reflected in published programs.
16. If a dancer is scratched from a duo/trio or group routine, the routine will NOT change categories. Judges will be informed of the missing dancer. Scratches must be communicated to the backstage manager at the event.
17. All awards must be collected during the competition. Ensure a studio representative is present at all award sessions when dancers cannot attend. Awards will NOT be shipped.
18. SUMMIT'S VIDEO & PHOTOGRAPHY USE: Contestants and teachers, by entering a SUMMIT event, grant permission for their images, photographs, or appearances in videos, television, or any electronic media for advertising, news coverage, or any other commercial use of our events.
19. All judging results are FINAL and non-negotiable.
20. Judging critiques will be provided in video format and available for studio administrators in their studio online account within 48 hours of the competition.
21. Scores will be available in studio accounts for printing or downloading within 24 hours of the competition.
22. Parents are not permitted in the backstage area during the competition unless assigned as a chaperone by the studio when a teacher cannot be present. Each studio will receive two parent backstage passes in their studio welcome packages, to be used only when absolutely necessary.
23. Except for rosin, the use of any substances that could leave marks or debris on the stage is prohibited for safety reasons. Such substances will result in mark deductions or disqualification if found on the stage.
24. Dressing Room Rules: Food or taking Photos and videos is prohibited in dressing rooms. Studios are responsible for any damages to theatre change rooms. A studio representative must check their dressing room at the conclusion of each day for cleanliness and personal property. Studios not adhering to dressing room rules and not cleaning up after themselves will be disqualified from Studio Spirit awards.
25. Harassment and unruly behaviour will not be tolerated and will result in disqualification and eviction from the competition premises.
26. Sportsmanship: All participants, including dancers, parents, and teachers, agree to conduct themselves with the spirit of good sportsmanship, adhering to principles of fair play, ethical behaviour, integrity, and goodwill towards participants, attendees, and staff. Unsportsmanlike behaviour may result in disqualification from specific awards or future Summit events. **For the experience and safety of all, please notify an SDC crew member immediately when unsportsmanlike behaviour is observed.**
